

## KITCHIN WILL NOT DIRECT CAMPAIGN

Denies Reports He Is to Lead in Fight for Revision of Free Tolls Provision.

### IN FAVOR OF PRESENT LAW

But, Like Underwood, Will Make No Active Fight Against President's Wishes.

(Special to The Times-Dispatch.) Washington, D. C., February 21.—President Wilson is having considerable difficulty in securing a Congress of sufficient numbers to lead his campaign to have Congress pass a bill repealing the clause in the Panama Canal act exempting American coastwise vessels from payment of tolls.

Congressman Charles Kitchin, of North Carolina, who is generally conceded, will support Underwood as Democratic floor leader, and who has already assumed a nominal position of that role, in an interview with The Times-Dispatch correspondent at the White House yesterday, he has decided to undertake the task of securing the repeal of the tolls clause.

Underwood is also in favor of carrying out the Panama Canal declaration of neutrality, but has agreed to adopt a similar course to that of Kitchin. With Underwood, not in sympathy with his program, President Wilson will probably put his case in the hands of the House of Representatives, and will not actively oppose the repeal of the tolls clause.

## YOUR FRECKLES

Need Attention in February and March or Face Will Stay Covered.

Now is the time to take special care of the complexion if you wish it to look well the rest of the year. The February and March winds have a strong tendency to bring out freckles that may stay all summer unless removed. Now is the time to use ointment—double strength.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful that it is sold by druggists under guarantee to refund the money if it fails. Get an ounce of ointment—double strength—and even a few applications should show a wonderful improvement, some of the smaller freckles even vanishing entirely.—Advertisement.

## FIND MISSING GIRL DRESSED AS BOY

Young Woman Taken in Custody at Huntsville Believed to Be Catherine Winters.

Huntsville, Ark., February 21.—A man, fifty years of age, giving the name of Edward Stuart, to-day was arrested here, and a girl, dressed as a boy, was taken in charge by Sheriff H. Shuster, daughter of Dr. Catherine Winters, who had formerly lived in a town in Indiana, the name of which she cannot remember. Discovered at the time of a trip in an automobile and later a journey in a wagon. The man, the sheriff says, makes contradictory statements, at one time saying that she is Dr. Winters' daughter and later declaring she is his own child. Meanwhile Dr. Winters has been asked to meet the pair at Port Smith to-morrow, and has signified that he will do so.

Stuart's arrest and the detention of the girl came through citizens, who were struck by the resemblance of the girl to pictures of Catherine Winters printed in the local newspaper. Since Monday the pair, Stuart and the girl, have been in the vicinity of Huntsville. Last night citizens determined to seek the couple and make further investigation, who marched early this morning to the place where the couple were found and a short distance away from the place where they were found. The girl, who is about 15 years of age, was taken to the sheriff's office and the child was taken to the sheriff's office.

## SNEER AT RECORD OF COURT-MARTIAL

(Continued From First Page.)

Mexico or course him to desert his property to further depredations. "Draw a pistol from pocket." "Then he said to me as good a man as Villa, and at the same time he drew a pistol from his hip pocket. But the general was ready and jumped for him and struck, and at the same time he was present leaped upon him, that he might not make an attempt on the life of General Villa."

Witnesses were convinced that had they not been present the general would have been murdered. The record given by the testimony indirectly as follows:

"He said that he came at 10 or 11 o'clock in the morning to see General Villa and inform him that revolutionists or at times parties of bandits had done much damage to his ranch. 'Los Remedios,' destroying property and stealing cattle. He had come to tell General Villa of these things, but the general accused him of being friendly to the Federalists, and suggested that the rebels buy 'Los Remedios' as witness was not wanted in Mexico. Witness told General Villa that he was unjust and several other things that annoyed the general, but witness had no intention of harming the general or any one else. He said he had nothing to do with Huerta or the red-flag generals, and was indifferent to the politics of the country. This was all he had to say."

The verdict, abounding in repetitions of legal phraseology, repeats the charges and finds the accused guilty. It also appears that Villa's name is more ornate than generally was supposed. He is mentioned several times in the document as "General D. Francisco Villa."

## UNWRITTEN LAW UPHOLD BY JURY

Verdict Acquitting R. M. Jetton Greeted by Wild Demonstration of Joy.

Charlotte, N. C., February 21.—R. M. Jetton to-night was acquitted here of the charge of murdering Dr. W. H. Wooten at Davidson, N. C., several weeks ago. The jury returned a verdict of acquittal after having the case under consideration but a short while. Jetton claimed that he killed the physician when he found him attacking Mrs. Jetton. Mrs. Jetton, in a statement Dr. Wooten's attorney made, stated that Jetton was the instigator of evil intent. He stated that Mrs. Jetton had invited him and his wife to come to the Jetton home and see a new drug, and that but for the inclement weather the doctor would have accompanied him.

The verdict was greeted with a wild demonstration of joy which jammed the courtroom and packed its doors since the convening of court at 9:30 this morning. The jury took the case at 10:30 to-night and promptly at 11 o'clock they returned their verdict. They had reached a verdict after ten hours was taken up to-day and to-night in argument of the case, and in the judge's charge. The State asked for a verdict of "murder in the first degree" or "second degree," "murder in the third degree." The defense rested its case on the "unwritten law" and said that Jetton was justified in killing the doctor in defense of his wife. The jury, in session here for the last three days, came to a verdict to-night with a unanimous vote. The long day was given over to sight-seeing and the jury was visiting the tomb of Washington at Mount Vernon.

## RAISE FUND TO PRINT YEARBOOK

Songs of Revolution Expect Publication to Be Valuable Contribution to History.

At the annual meeting of the Sons of the Revolution, the State of Virginia, held last night at the Westmoreland Club, a guarantee fund was raised for the publication of a yearbook of the society. For the past four years W. C. Torrence, of Albemarle, has been engaged in preparing the manuscript for this book, and it will be given to the printer at once. This is expected to be an unusually valuable contribution to the literature of Virginia.

Plans for the participation of the Virginia branch in the annual meeting of the general society, which will begin on April 17 in Washington, were made and the following delegates and alternates elected:

Delegates—Colonel William Gordon McCabe, Alfred B. Williams and Dr. Charles R. Robins. Alternates—John G. Farland, Herbert W. Jackson and Dr. Lyon G. Tyler. One of the features of the Washington meeting will be a trip of the delegates down the Potomac River, the Chesapeake Bay and up the York River to Yorktown. Norfolk, Cape Henry and Old Point Comfort will be visited. On Saturday evening, April 18, at 8 o'clock a banquet will take place at the Hotel Chamberlin, at Old Point.

The officers elected to serve for the ensuing term were as follows: president, William Chase Norton; first vice-president, John G. Dew; second vice-president, Colonel T. M. R. Talcott; secretary, Dr. Charles R. Robins; treasurer, Dr. Greer Baughman; chaplain, Rt. Rev. Alfred M. Randolph; registrar, William C. Torrence; and historian, Colonel William Gordon McCabe.

Members of the board of managers were elected as follows: William Chase Norton, Judge R. Carter Smith, Dr. Greer Baughman, Dr. Charles R. Robins, John G. Farland, W. D. Richardson, Colonel T. M. R. Talcott, W. C. Torrence and George A. Gibson. About two members, all prominent throughout the State, were present.

## Duffy's Pure Malt Whiskey

Is an absolutely pure, gentle and invigorating tonic and stimulant. It overcomes weakness, wasting and run down conditions, giving the system power to resist or throw off coughs, colds, grip, catarrh, bronchitis, asthma and lung troubles. It is a wonderful remedy in the prevention of consumption, pneumonia, malaria and low fevers if taken as directed. It has been a medicine of known value for half a century, and its wide popularity as a dealer to put up imitations and substitutes with which to fool the people. When you are offered a substitute claiming to be "just as good" as Duffy's Pure Malt Whiskey, depend upon it that the dealer is thinking of his profits only and has no regard for your health. Insist on the genuine. Sold in sealed bottles only by most druggists, grocers and dealers, \$1.00 a large bottle. The Duffy Malt Whiskey Co., Rochester, N. Y.

"I am merely repeating what is generally conceded throughout Central America when I say that the proposed treaty is the product of a frame-up between 'dollar diplomacy' and Nicaraguan traitors. The present Nicaraguan government is but a satrapy of the United States, and the treaty is a mere device to enable the United States to turn the country over to Wall Street than for getting a bargain in canal rights."

## IN GRASP OF WORST STORM IN HISTORY

Toll of Seven Human Lives and Damage of \$4,500,000 in Southern California.

### STATE BEGINS TO RECOVER

Progress Made Toward Re-Establishing Wire and Rail Communications.

Los Angeles, Cal., February 21.—With a loss of probably more than \$4,500,000, and a toll of seven human lives since Wednesday, Southern California to-night began to recover from the effects of the worst storm in its history. With the sun shining most of to-day, the situation improved considerably, and while many of the towns affected remained isolated to-night progress was made toward re-establishing wire and rail communications.

It is estimated that Los Angeles was damaged to the extent of at least \$1,500,000. One hundred and fifty thousand dollars represented the damage to city streets alone. The rest represented losses sustained by railroads and by citizens whose homes were swept away by the force of the wind. Except in the vicinity of Pomona, this country, where groves suffered severely, orange groves reported comparatively little damage. Ranches and small farms in the Los Angeles area were inundated, but no reliable data could be obtained as to the amount of losses.

The flood situation about Los Angeles became more acute early last night, weakened by the rush of waters, poles and wires carrying power lines and the wires of telegraph and telephone companies went down under the assault of the winds, and with railroads and suburban trolley lines already out of commission, there was complete prostration. For nearly four hours, there was no street car service, and during the entire day, the city had only brief periods of communication with the East.

Surrounding towns, with but few exceptions, remained isolated, without communication by wire, rail or trolley. Railroads report the collapse of big bridges over the Los Angeles River, and it was uncertain when 100 homes were destroyed in Los Angeles alone by the torrens that rushed through the Los Angeles River and the Arroyo Seco. As the floods in these waterways subsided to-night, household goods and other property were left stranded high on sand bars. After a big steel bridge over the river buckled and broke early to-day, the Southern Pacific and Santa Fe Railroads sent heavy cars loaded with scrap iron and heavy beams plunging into the flood in efforts to divert further floods by the storm waters threatening railroad tracks skirting the river banks. The sweep of the floods was so strong at times, however, that these heavy barriers were turned aside and crowded out of the way of the waters.

Long Beach was surrounded by flood waters, and its ocean front was lashed by wind-whipped surf. The floods inundated a big salt works, and 23,000 tons of salt were washed back into the sea.
